Dr Bernard Salin Appointed to the Board of Directors Cyclopharm Limited

The board of Directors of Cyclopharm Limited are pleased to advise that Dr Bernard Salin has joined the board of the Company as a non executive director.

Dr Salin holds a Ph.D. in Biophysics and Biochemistry from University of Paris (la Sorbone). Bernard is also an “expert” pursuant to the Code National Français de la Santé, France in Radioprotection for Sealed and non Sealed Sources.

Bernard has a broad research experience from his years at the Atomic Energy Centre, Saclay, France. In business he has held several key executive positions including President and CEO for Pfizer Europe Diagnostics Division. In 2000 he founded and became Chairman of Cyclopharma Laboratoires SA, which has developed a completely new fully automated radiopharmaceutical production centre (industrial cyclotron and production tools) process for the production of short life PET isotopes. (This technology has been licensed to Cyclopharm Limited for the Asia Pacific market.)
