

Jubilant Radiopharma and Cyclomedica Europe Announce Their Partnership for the Distribution of RUBY-FILL® During the International Conference on Nuclear Cardiology

Yardley, PA and Dublin, Ireland - May 5, 2021: Jubilant Radiopharma, a business division of Jubilant Pharma Limited, and Cyclomedica Europe Ltd, a wholly owned subsidiary of Cyclopharm Limited, will announce their partnership at the International Conference on Nuclear Cardiology and Cardiac CT (ICNC), taking place on May 9-11, 2021.

Under the terms of the agreement, Cyclomedica was appointed the exclusive distributor of Jubilant Radiopharma's state-of-art RUBY-FILL® (Rubidium Rb 82 Generator) for the European Economic Area (EEA). RUBY-FILL provides the latest technology in Positron Emission Tomography (PET) Myocardial Imaging. RUBY-FILL is a closed system used to produce personalized patient doses of rubidium (Rb-82) chloride injection for intravenous use. Rb-82 chloride injection is a radioactive diagnostic agent used with positron emission tomography (PET) for the assessment of myocardial perfusion and is indicated for the detection and localization of coronary artery disease in adult patients with known or suspected coronary artery disease.

"Cardiac PET imaging is rapidly growing across the globe due to its high diagnostic accuracy, low radiation exposure and strong prognostic power," stated Sergio Calvo, President of Jubilant's Radiopharmaceuticals Division. "With its advanced infusion options, safety features and generator efficiencies, RUBY-FILL has improved the workflow in cardiac PET labs and has enhanced the patient experience."

Cyclopharm Limited CEO James McBrayer stated, "We are delighted to partner with Jubilant Radiopharma in distributing RUBY-FILL throughout EEA, and believe that ICNC is a valuable scientific forum where people can learn more about this advanced cardiac PET technology".

"The opportunity to showcase our partnership and RUBY-FILL at ICNC is yet another way to show our ongoing commitment to the global expansion and utility of cardiac PET imaging. Our goal it to be a leader in the global cardiac PET market by providing technological breakthroughs that enable clinicians to most effectively manage patients with known or suspected coronary artery disease. It is all part of our mission to Improve Lives Through Nuclear Medicine," stated Pramod Yadav, CEO Jubilant Pharma LTD.
